

JOHN F. BROTHERS/DAILY COURIER

Students offered a challenge

Linda Hammers, senior manager of program development for the Challenge Program, held an assembly at Mt. Pleasant Area High School for 10th through 12th-grade students. The sponsor of the Mt. Pleasant Area High School, Idlewild Park (representative is Ken Repak), will be awarding a total of \$3,000 in the spring as an incentive. The Challenge Program provides the necessary bridge between schools, businesses, and the young people in the region. The program provides incentives to high school sophomores, juniors and seniors to excel in school, and participate in their community. The purpose of the assembly was to introduce the program. An awards ceremony will be held in the spring.
