The Challenge Program, Inc. is a program created to motivate students by providing financial incentives for successes they achieve while in school, as well as build a bridge between high school students and the business community. Dover Federal Credit Union currently serves as a proud Business Ambassador of The Challenge Program, Inc. (TCP) to students in the Lake Forest and Caesar Rodney school districts in Delaware. As a Business Ambassador, Dover Federal donated a total of \$5,000 to the school districts in 2008.

The Challenge Program, Inc. awards students in four different categories: most improved, best attendance, most community service and best overall GPA. Teachers and school administrators track students' progress, community involvement, GPA and achievements throughout the year in order to determine who best deserves the award, per grade level, and then reports the results to The Challenge Program, Inc. Four elected students from each participating grade level received a \$250 check reward this year.
