

The Challenge Program

The Challenge Program, Inc.'s mission is to partner with businesses to motivate high school students both in and out of the classroom. This partnership creates good habits in students and provides businesses with tangible results for their investments. The program achieves this mission by awarding 10th, 11th, and 12th grade students awards in four categories: Academic Improvement, Attendance, Community Service, and Academic Excellence. Each student winner receives a check for their achievement for \$250. From one school in 2003 to 124 schools today, the program is growing tremendously – the program now operates in three states. Explore the website at www.tcpinc.org and learn more about the program and how thousands of students are believing in their abilities, reaching new goals, and achieving even greater success with the support of The Challenge Program.
