Our Mission

The Challenge Program, Inc.'s mission is to motivate high school students to develop the habits required to succeed in school and in their careers by building business/education partnerships.

The Challenge Program Student of the Year Award

Join us for our 15th annual event that highlights and honors three Challenge Program Student of the Year Finalists and celebrates the countless accomplishments of thousands of other students that have participated in The Challenge Program, Inc. throughout this school year. This event raises funds to support the growth and expansion of the program.

2nd Annual John Weinstein Commitment to Community Service Award

John Weinstein, Allegheny County Treasurer, has long been a pillar of community service for many area organizations including The Challenge Program, Inc., having served on the program's board of directors for 10 years.

John has been a tireless advocate for his community throughout his career in public service.

As a result of his advocacy for giving back to the community, The Challenge Program, Inc. recognizes The John Weinstein Commitment to Community Service Award to be presented to a student who, like John Weinstein, has gone above and beyond in their efforts to improve their community. The recipient of this award has exhibited integrity and enthusiasm for the betterment of the region.
